Subject: Request for Peacebuilding Episode on *Cross Country Checkup*

Dear *Cross Country Checkup* Team,

I am writing to request that you dedicate an episode of your show to the important and timely topic of peacebuilding. As someone who is deeply invested in creating lasting peace and fostering understanding, I believe it's crucial to bring this work to the forefront of national conversation.

Peacebuilding is a multifaceted endeavor that requires the voices of diverse communities. It is not just about resolving conflict but about transforming relationships, nurturing justice, and creating spaces for healing. This work is deeply intersectional, encompassing efforts around racial, social, environmental, and economic justice. It is also intergenerational, with young people and elders alike contributing vital perspectives to the movement.

I believe it is essential that this episode be both **intergenerational** and **intersectional**—representing the rich diversity of experiences and perspectives within the peacebuilding community. From youth activists to elders with decades of wisdom, and from marginalized groups to those who have been directly impacted by conflict and violence, to those advocating for nuclear disarmament and informed education programs, and those divesting from fossil fuels and consciously investing, the peacebuilding movement thrives on inclusivity and collective action across all generations and identities.

I hope that featuring a segment on peacebuilding on *Cross Country Checkup* would help elevate this conversation, inspire action, and broaden awareness. It could highlight the voices of practitioners, communities impacted by violence, and everyday individuals working for a more peaceful world.

I hope you will consider this important request and look forward to hearing from you about the next steps. Thank you for your consideration.

Sincerely,
